Remote work policy (2024)

This is the current remote work policy, effective February 2024, and supersedes the 2023 version.

Eligibility

Employees may work remotely up to 3 days per week with manager approval. Director approval is no longer required for standard remote arrangements.

Core hours

Core hours are 10am to 3pm local time. Employees must be reachable and attend scheduled meetings via video during this window. Outside core hours, employees may flex their schedule as needed.

Equipment and security

Remote work must use the company laptop and VPN. Confidential data must not be stored on personal devices.

Fully remote arrangements

Fully remote arrangements (more than 3 days per week) require department-head approval and are evaluated case by case.
