

Acme Corp - Remote Work Policy

Document 03 | People Operations | Effective January 2025

1. Overview

Acme Corp supports flexible and hybrid working. Yes, eligible employees may work remotely, subject to the rules described in this policy and to approval by their manager.

2. Eligibility and Approval

Remote work is permitted for roles that can be performed effectively off-site. All remote work arrangements require manager approval in advance. Some roles, such as facilities and on-site lab positions, are not eligible for remote work.

3. How Many Days

Employees may work remotely up to 3 days per week with manager approval. At least 2 days per week must be worked on-site unless a fully remote arrangement has been formally approved by a department head.

4. Core Hours

Regardless of location, employees must be reachable and available during core hours of 10:00 am to 3:00 pm local time, and must attend scheduled meetings via video when working remotely.

5. Equipment and Security

Acme Corp provides a company laptop for remote work. Employees must use the company VPN, keep devices password-protected, and must not store confidential data on personal devices.

6. Expenses

Reasonable home-office expenses may be reimbursed with prior manager approval. Receipts are required for any expense over 25 dollars, and approved expenses are reimbursed within 30 days of submission.
