

Pricing & SKU Guide

Effective 2024-10-01 | All prices in USD

Core platform SKUs

AC-CORE-STD-MONTHLY — Standard tier, billed monthly. \$49 per user per month. Includes the base API, up to 100 requests per minute, and standard support.

AC-CORE-PRO-MONTHLY — Professional tier, billed monthly. \$149 per user per month. Includes everything in Standard plus webhook delivery, role-based access control, and priority support.

AC-CORE-ENT-ANNUAL — Enterprise tier, billed annually. \$1499 per user per year. Includes everything in Professional plus a raised rate limit of 1000 requests per minute, single sign-on, and a dedicated technical account manager.

Analytics add-on SKUs

AC-ANALYTICS-PRO-MONTHLY — Analytics module on the Professional tier. \$299 per user per month. Adds the data catalog, query workbench, and 90-day query history.

AC-ANALYTICS-ENT-ANNUAL — Analytics module on the Enterprise tier. \$2999 per user per year. Adds everything in Analytics Pro plus unlimited query history, custom dashboards, and the v3.7 hybrid search index.

Discounts

Annual SKUs receive an effective 17 percent discount versus their monthly equivalent. Multi-year prepay (3+ years) on Enterprise tiers receives an additional 10 percent off list price.
